Re. Moldawer v. CEO

Dear Appeals Board Members:

I've been disappointed to learn that the next Board of Appeals meeting regarding Alan Moldawer v. the CEO has been moved to late October to ensure that a quorum will be present. Knowing how hard it is to coordinate schedules, I realize that this change was probably unavoidable.

Unfortunately I must vacate our seasonal cottage and leave Lamoine well before the end of October, so I will not be able to attend the October 29 meeting. Although I will not be present, I do not want my absence to be construed as a lack of interest in the meeting's outcome. I continue to believe that the height of the True house was not measured properly, that the house is taller than permitted by town ordinance and that the situation must be corrected to protect the value of nearby properties (including my own) and firmly discourage future construction of buildings that violate the BLUO.

I will soon leave Lamoine, trusting that the Board will do the right thing by upholding the plain meaning of the height ordinance and the duty of the CEO to properly interpret it and ensure compliance. Thank you for your continued attention to this matter.

Sincerely,

Jonatha Brown
